We Make the Difference!

We finalize your operations instantly at our Muratbey and Ambarlı warehouses. ●

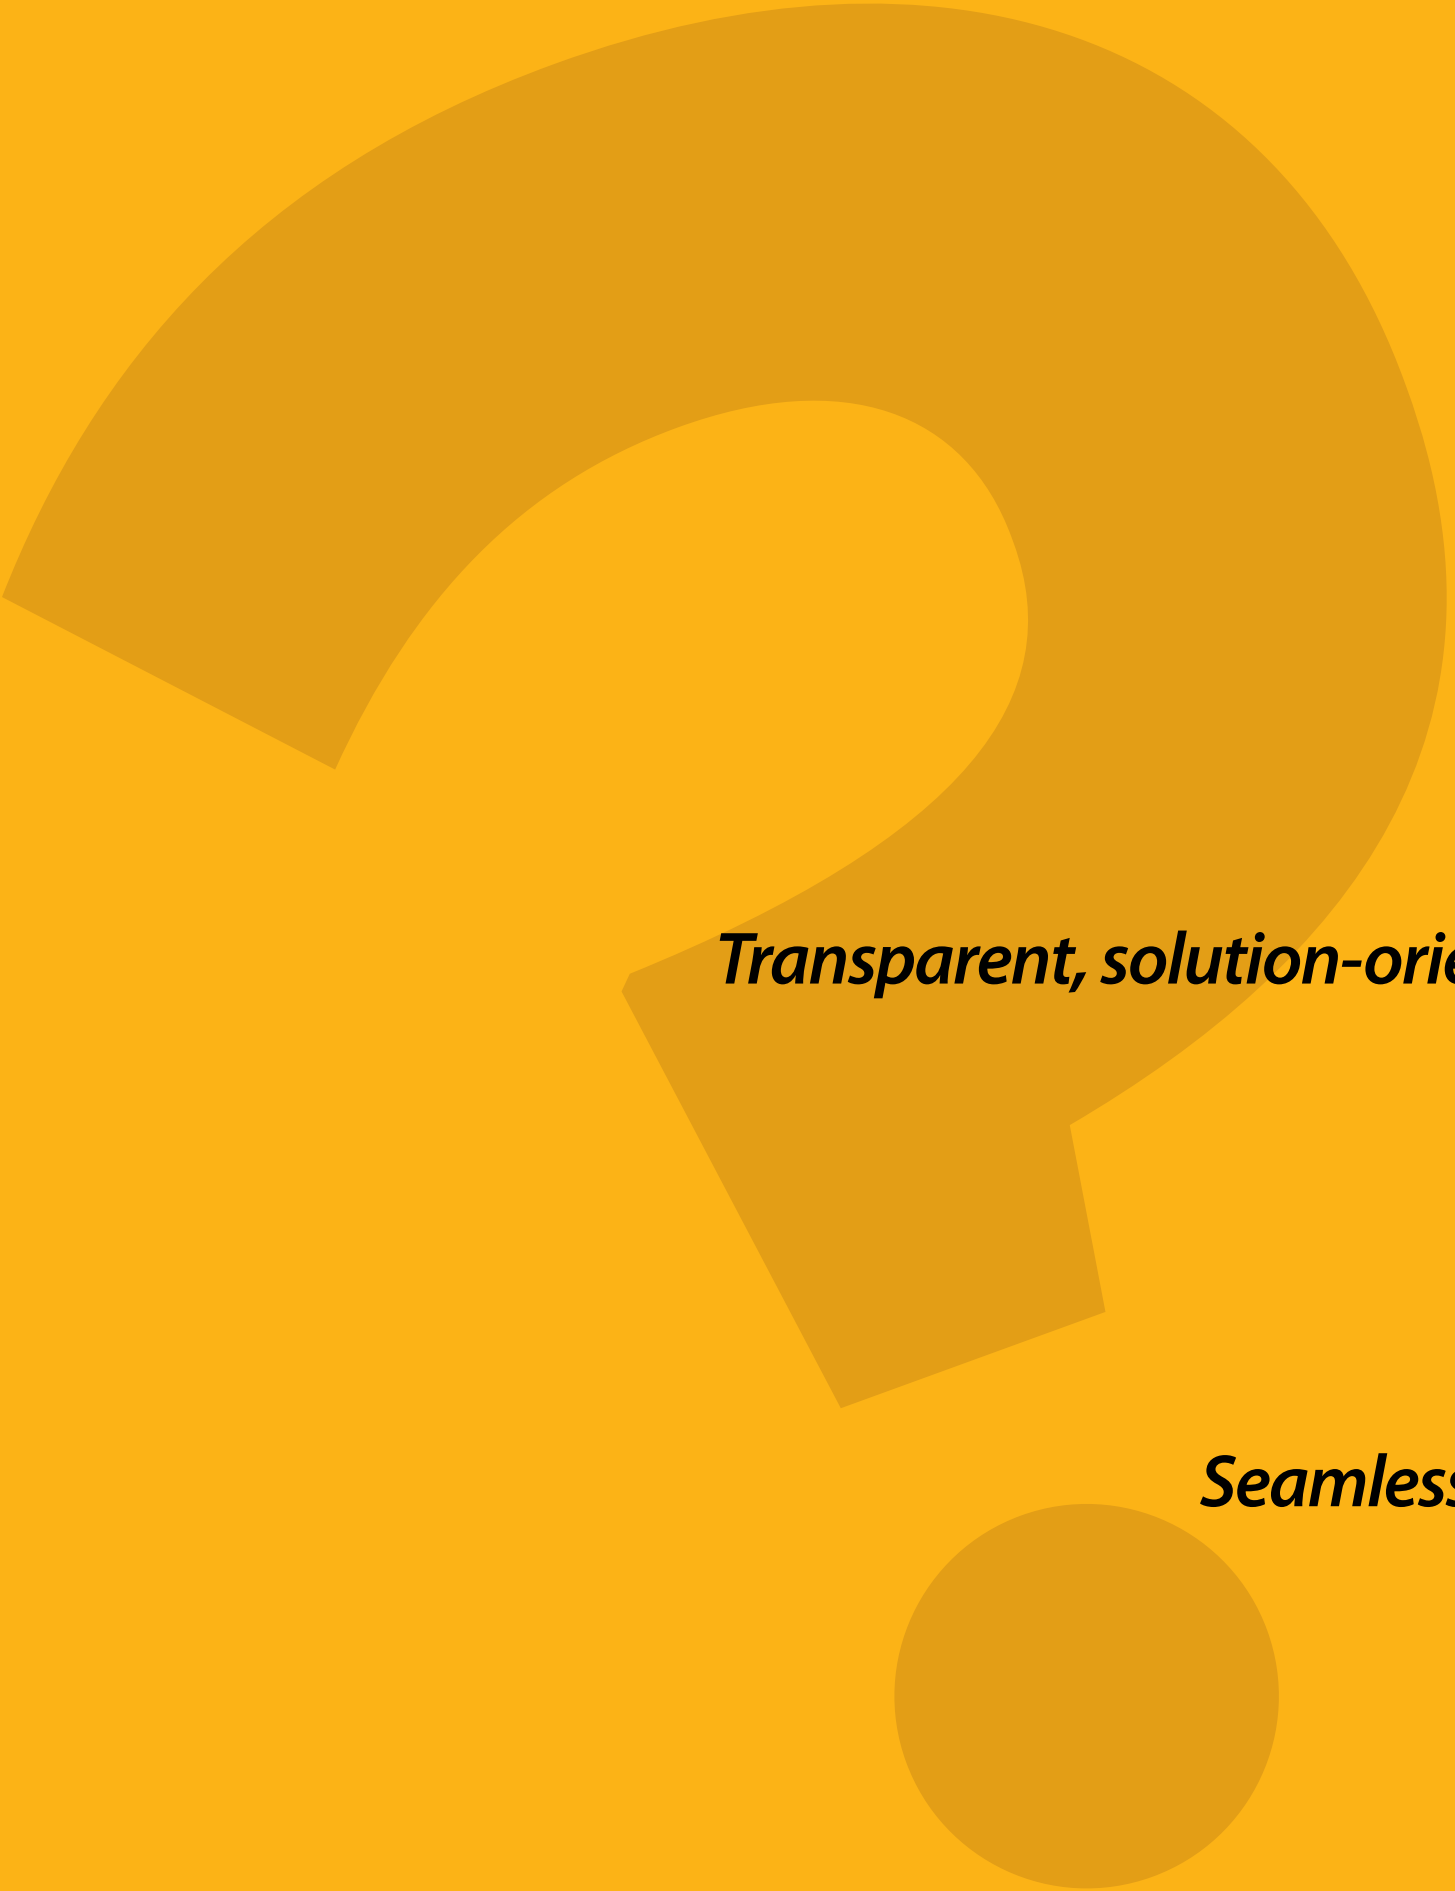

We can store goods arriving by road and sea at the same location, whether customs-cleared or pending clearance, eliminating additional inland transportation costs. ●

This allows us to provide both time savings and operational cost advantages. ●

Why KITA Warehouse?

- 
- Availability of our warehouses bonded to both Muratbey and Ambarlı Customs ●*
 - Strategic location advantage thanks to proximity to Muratbey and Ambarlı Customs Directorates ●*
 - Close distance between our Muratbey and Ambarlı warehouses, offering alternative warehouse solutions in case of congestion or bottlenecks and minimizing operational and transportation processes ●*
 - Operational convenience by managing all processes from a single point ●*
 - Transparent, solution-oriented, fast, and error-free management of operations by our expert, experienced, and well-coordinated team ●*
 - Strong technological infrastructure supported by modern equipment and software systems ●*
 - Fast and reliable loading and unloading operations carried out by certified forklift operators, supported by a capacity of 23 forklifts and modern loading ramps ●*
 - Seamless, fast, and safe handling of heavy and palletized cargo with forklifts capable of lifting between 1.6 to 7.5 tons ●*
 - Availability of specialized attachments for handling various types of cargo, including paper rolls and coil products across different industries ●*

Why KITA Warehouse?

Flexible working structure that prevents vehicle waiting times and delays, providing cost advantages ●

Your goods can be reorganized, separated, or consolidated within our warehouse based on your needs, with the necessary permits ●

Labeling, packaging, and palletizing services available upon obtaining required approvals ●

Specialized storage areas for textile products, including hanging systems, shelving, and controlled environments protected from humidity, temperature, and light; order-based sorting ensures your goods are prepared for shipment without damage ●

Reserved rooms for high-value goods, ensuring controlled entry/exit and preventing unauthorized access ●

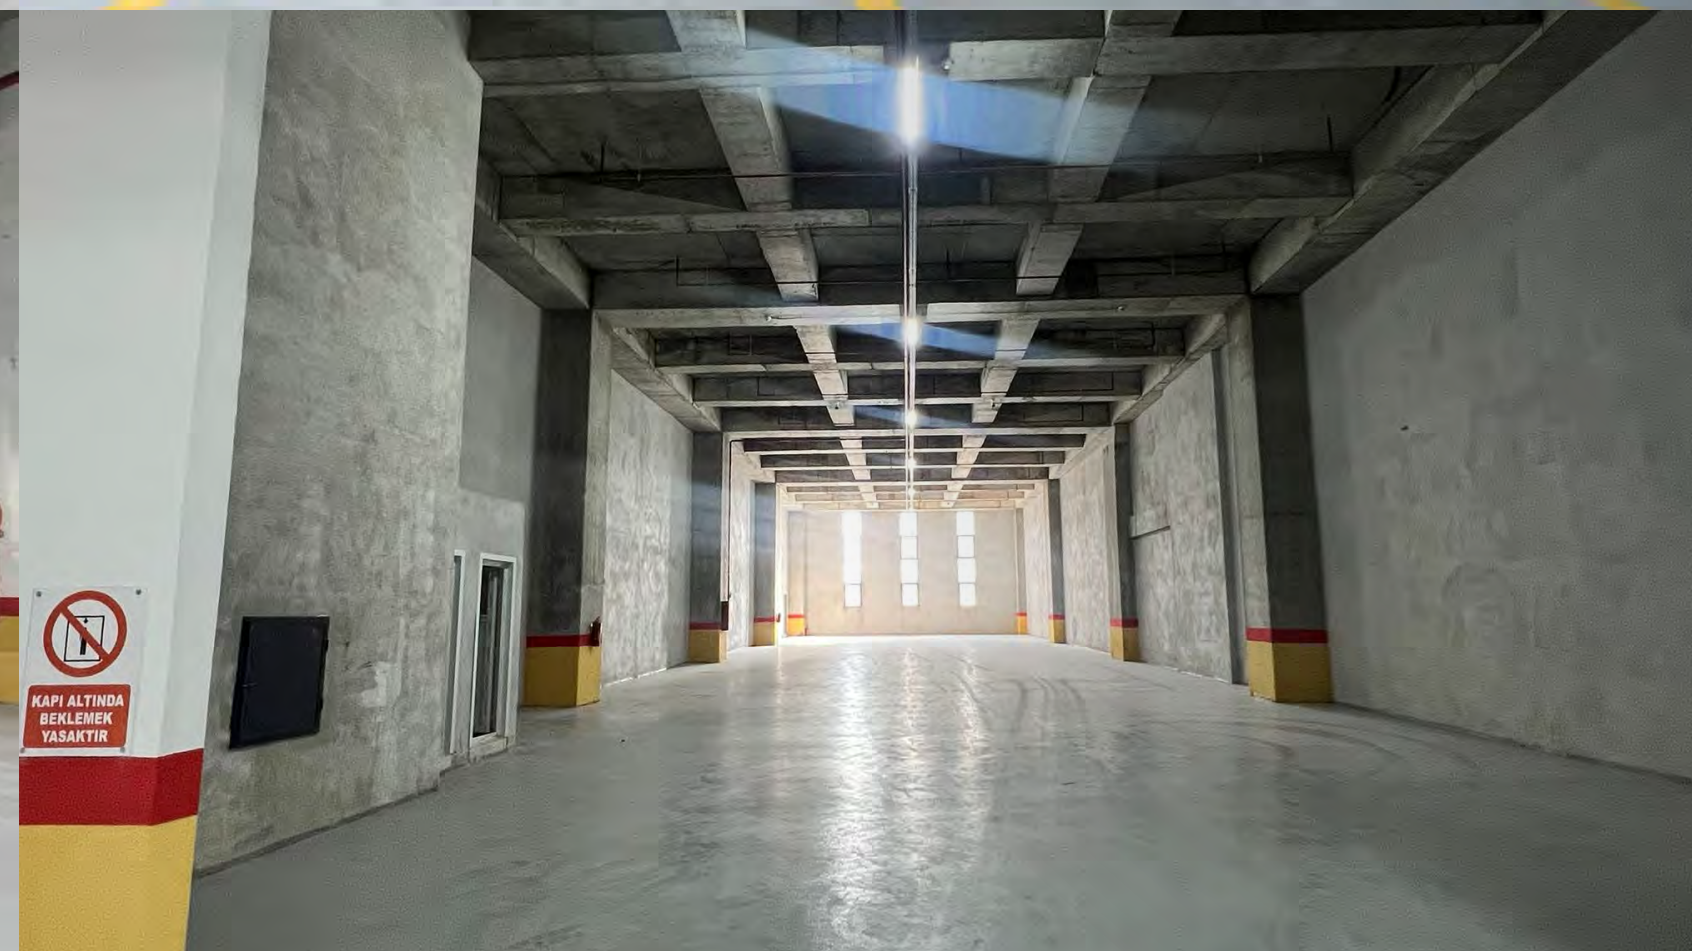

Separate storage areas minimize the risk of confusion or damage ●

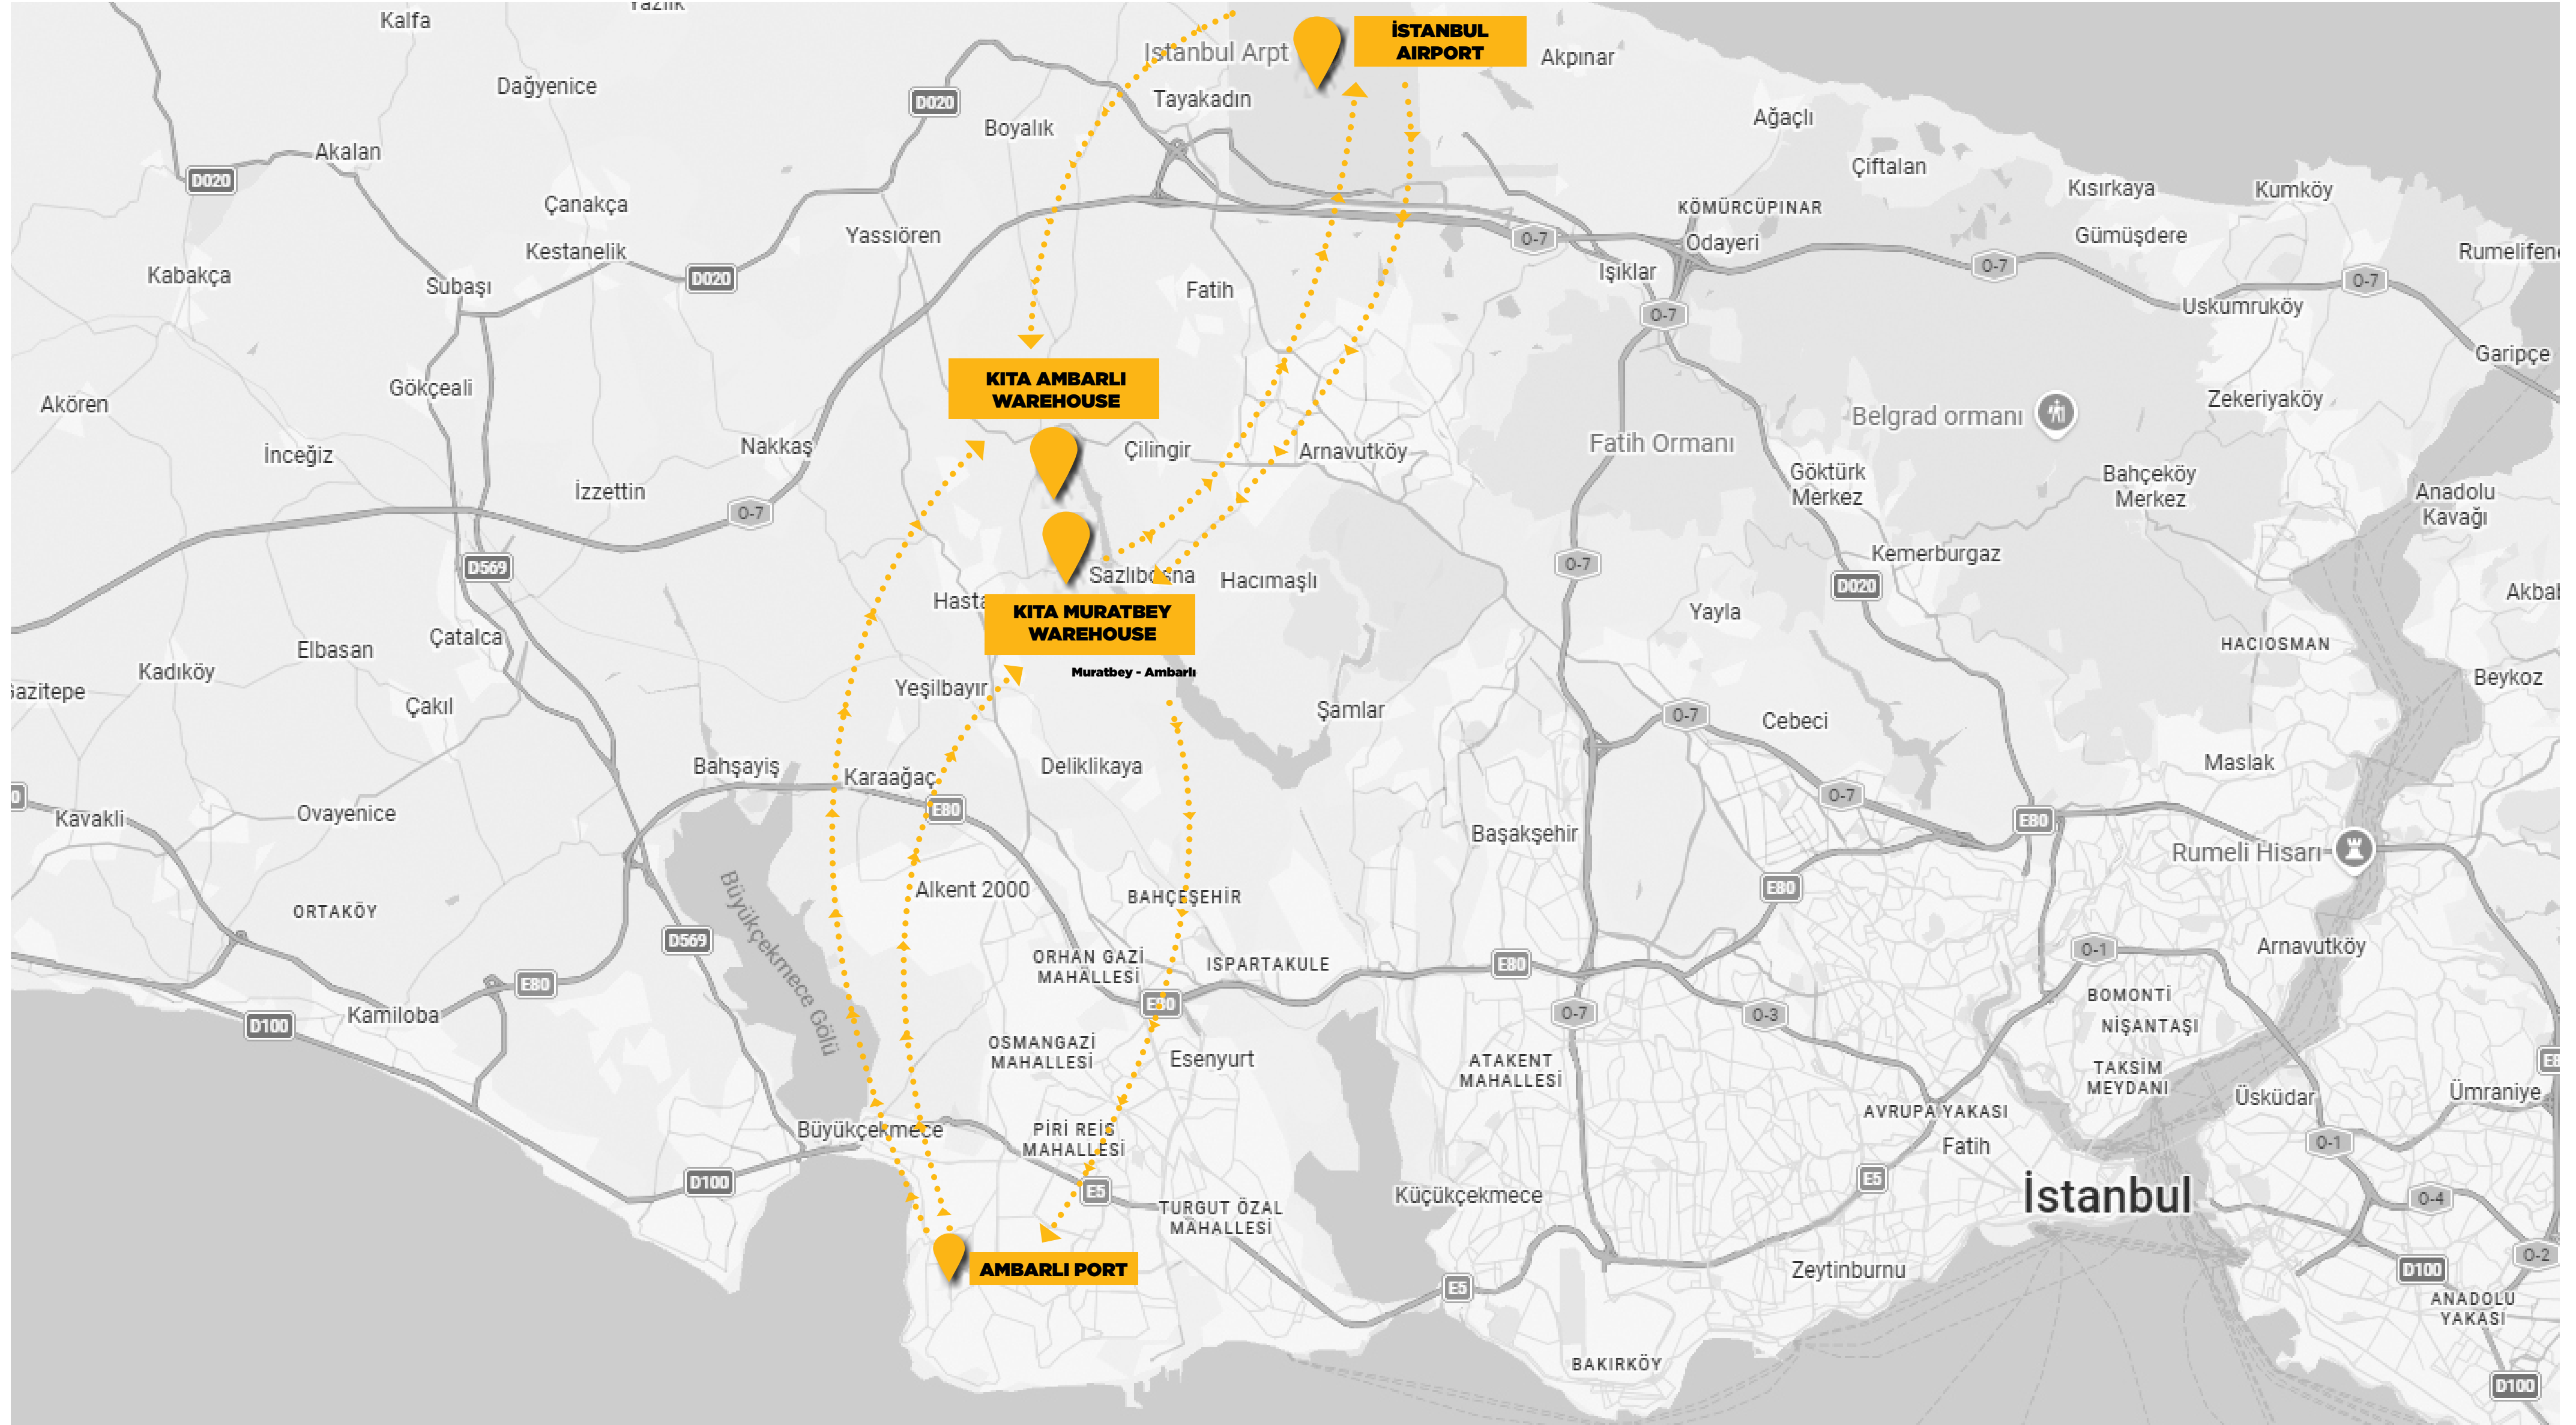

High-level security with camera alarm systems and 24/7 on-site security personnel ●

Sufficient and secure parking areas for trucks, trailers, and special vehicles ●

Equipped with an 80-ton truck scale, 3-ton pallet handling forklifts, 10-ton forklifts, and precision weighing systems ●

Fast and reliable document handling by our professional courier team between customs offices and within the company, ensuring efficient workflow ●

Warehouse Bonded to Ambarlı Customs

It is a strategic logistics hub, especially for the storage of containers arriving by sea.

Location Advantage

Its proximity to Ambarlı Port enables fast handling in sea freight operations.

Services

*Container unloading and storage of goods
Acceptance and storage of cargo arriving by road
Sorting, packaging, and preparation of goods for shipment*

Who Is It For?

An ideal warehouse for importers, companies transporting high-volume cargo by sea and businesses managing multimodal logistics operations.
